WELCOME, NEW ILLINI!

It is a real pleasure to welcome you to the University of Illinois. The Dean of Women and her staff wish you a happy and satisfying year.

Learning and *Labor*, the motto of the University of Illinois, will be your guide as it has been for thousands of students who have preceded you. I hope that learning to find one's way into the meaning of life — an understanding of the essential values of living — as well as learning skills and techniques for a special vocation, will be your reasons for coming to the University. Then look about you when you arrive on campus! Opportunities for your development are everywhere, for the purpose of a University is "to render an intelligent being more intelligent." You will be challenged each day with the decision of putting first things first.

Extra-curricular activities have their place, but be cautious not to be side-tracked. Know your limitations. Your success depends on you — how you develop your abilities and talents — how you balance your time between studies and activities.

Your Freshman Adviser and your House Director will be on hand to greet you and to guide you. For those women students who have no affiliation with an organized house, meetings will be arranged for you during Freshman Week. You will hear from one of the chairmen of the

Ilb u Il
1954/55

Freshman Advisers as to time and place of the meetings. The Dean of Women and her staff are always ready to assist you in any way they can. Whether you have a problem or not, do not hesitate to call at the office — 100 Bevier Hall.

Sincerely yours,

Agnes G. Tandberg

A SPECIAL NOTE TO TRANSFERS!

Although this booklet has been written to welcome the entering freshmen women students, the Dean of Women and her staff extend a hearty welcome to you transfer students to the University of Illinois. We hope you will find the information contained in this booklet on W.G.S., Panhellenic, activities, grade points, traditions, and songs helpful to you in becoming acquainted with your new environment. The students attending the University of Illinois are known as "Illini," which means "brave men," for the State of Illinois was named for the tribe of Indians who inhabited it.

When you arrive on campus, you will receive a brochure describing the Freshman Week activities, some of which will be of interest to you. If you live in an organized house, a student in your house will provide you with this information. If not, you may receive one from the Office of the Dean of Women.

One suggestion to you. Since you know the general procedures based on your previous college experience, learn as soon as possible what requirements, regulations, and customs are different at the University of Illinois. Feel free to come to the Dean of Women's Office when questions arise.

Good luck to you.

FRESHMAN WEEK

When you arrive on campus either Sunday or Monday morning, you will begin a busy week at the University of Illinois. Moving into new living units, meeting new people, unpacking your possessions, and getting settled for all the sessions planned by the Freshman Week Committee and your Freshman Advisers will be somewhat exhausting.

Monday begins the week of scheduled events. Read and re-read *your* official program of Freshman Week sent to you from the Office of Admissions and Records. A number of students may be designated to report for their Physical Examinations Monday morning. Otherwise, *all* students will meet the officials of their selected colleges Monday afternoon. A faculty adviser will be available to help map out your course of study for the first semester. The curriculum requirements will be explained for you to do some constructive planning for yourself. After dinner Monday night, you will attend the *All-Freshman Welcome* to meet the president of the University, the deans, student leaders, and other people you will want to know.

Tuesday will be given over to testing. Don't worry about these tests, but do your best. The *Rhetoric Placement Test*, which will be given in the morning, is a test of your ability in grammar, spelling, and written expression. Your faculty adviser will know the results of this test Saturday before you register. The *Freshman Guidance Examinations* will be given in three installments. The first installment will be scheduled for you during the afternoon *or* evening. Check your coupon for the place and time. The results of these examinations, which you may receive later, will give you some idea of your aptitudes and interests and help you in selecting your courses. If you have taken the *Freshman*

Guidance Examinations on the *Urbana Campus* during the summer, you are excused from them during Freshman Week. *Physical Examinations* are scheduled in the afternoon for assigned groups.

Wednesday morning will be given to Physical Examinations and the *second* installment of the Freshman Guidance Examinations. This program will be repeated in the afternoon. Be sure you check *your* coupon number for your assignment. In the evening, you may try the *Hygiene Proficiency Examination*. If you pass this examination, you receive your credit in Hygiene without taking the course. Following a tour of the campus, you are invited to a Coffee Hour, sponsored by the Freshman Advisers, at the Illini Union from three to four-thirty. For the evening's entertainment, the Illini Union has planned an Open House. With your group, arrange to meet others there for dancing, bridge, bowling, or just chatting over a coke or cup of coffee.

Thursday morning will again be given to Physical Examinations and to the *third* installment of the Freshman Guidance Examinations. This is repeated in the afternoon. Once more, check *your* coupon number for your assignment. In the evening you will want to attend the annual Open House of the Religious Foundations that are located near the campus.

Friday morning, Physical Examinations are scheduled again for those who have not met that requirement earlier in the week. In order to complete your registration on Saturday, you must present a receipt indicating that you have completed your physical examination. In early afternoon, a special meeting will be held for all new freshmen women to meet the Dean of Women, her staff, and the outstanding women leaders on campus. Following this ses-

sion, you meet again with your college adviser. With him, check carefully the course requirements, your credit hours, and class schedule. The big social function before classes begin is the Registration Dance, Friday evening, at Huff Gymnasium.

All *new* freshmen will register on Saturday. Your Freshman Adviser, or another upperclass student, will assist you with your registration.

A pleasant evening has been planned by the Illini Union which will bring Freshman Week activities to an end. It will be a get-acquainted tour of displays in Huff Gymnasium especially set up to give you an idea of the many activities on the campus. There will be guides at each of the various activity booths who will be pleased to answer your questions and help you find the activities best suited to your talents.

Sunday afternoon, a social hour has been planned for you by the YWCA and YMCA at the YMCA. Religious Foundations invite you to attend their functions Sunday evening, too.

At all times, follow the directions in your coupon folder for each event. Your Freshman Adviser will arrange special meetings throughout the week and during the weeks following to assist you.

After you have also reported for your posture and swimming classification tests during Freshman Week, you may find an afternoon free to get acquainted with the tennis courts, golf course, bowling alleys, or perhaps just to relax.

With registration over, you will have a little time to write that all-important letter home. Short letters written often are better than long volumes written now and then.

September 20 classes begin.

YOUR FRESHMAN ADVISER

One of your first friends on the campus will be your Freshman Adviser. She is an upperclass student selected by her housing unit to be your friend and counselor for the year. When you have completed housing arrangements, you will hear from your Freshman Adviser sometime during the summer. She will be on hand during Freshman Week to help you become acquainted with our University. Besides special informative get-togethers in your living unit, she will plan a campus tour, assist with academic schedules and registration procedures, and be ever on hand to answer your questions. If she cannot assist you, she will refer you to others who can.

YOUR HOUSING

Make your housing plans early. As soon as you have your permit to enter, write to the Housing Division, 108 Illini Hall, and you will receive helpful information. In general there are three types of housing: (1) University-owned and operated residence halls and cooperatives;

- (2) University-approved but privately-operated residence halls, cooperatives, and other organized housing units;
- (3) sorority houses, open to membership by invitation only.

GROUP MEMBERSHIP

Depending on where you choose to live, you will become a member of either the Women's Group System or Panhellenic — two organizations in which the women on our campus take great pride.

WOMEN'S GROUP SYSTEM

If you live in an independent house you will be a member of Women's Group System (usually referred to as WGS). Undoubtedly, you will be interested in knowing what the organization is, what it does, and how you can take an active part in its program.

WGS is the "voice" of the independent women on campus. Its elected officers represent you and the organization on the major campus policy making groups and in Student Senate. Each house sends representatives to Second Council, the governing body of the organization, and it is these representatives and house presidents who act on recommendations of the WGS Executive Council and make decisions for the organizations.

WGS stands for high scholarship, helps to promote activities, and social functions, many of which are carried out with Men's Independent Association (MIA). WGS sponsors Alpha Chron, sophomore activity honorary, which plans the Watcheka Sing for Mother's Day week end; and WGS and MIA jointly produce the Dad's Day Revue. The two organizations publish *The Indee*, a newspaper written

by and for independent students. Positions in these activities and on all major standing committees are open to all undergraduate women.

Especially for Freshmen, is WGS Freshman Board, which is composed of freshmen representatives from all the houses. This group is represented on Executive Council, and is advised by the Assistant Freshman Adviser.

When you think of your campus activity remember WGS. Stop in at the office in 332 Illini Union and find out more about it.

PANHellenic

The name Panhellenic is derived from the Greek words "pan," meaning "together," and "hellos," meaning "Greeks." Illinois Panhellenic is an organization of approximately a thousand women who have accepted membership in the twenty-six social sororities. These women have chosen to live together to stimulate and encourage one another in higher scholarship, deeper friendships, and personal growth and development.

Each sorority on the University of Illinois campus has representation on the Presidents' Council. This council in cooperation with the Executive Committee plans a varied program for all Panhellenic members. Junior departmental chairmen work with Junior Panhellenic which consists of all sorority pledges. Junior Panhellenic's organization and purpose is patterned after Panhellenic. There is a sophomore honor society, Shi-Ai, sponsored by Panhellenic which honors women who during their freshman year have shown qualities of service and leadership through activity. In Panhellenic there is an opportunity for all members to

contribute to the welfare of their group, since philanthropic, scholastic, and social events require for their success a diversity of abilities and leadership.

Panhellenic believes in high scholarship. An academic average of 3.3 (C+) for one semester must be attained for initiation into a sorority.

For those women who were unable to visit the Illinois campus in June for Rush Week, there is Informal Rushing throughout the academic year. Girls interested in informal rushing must register, after enrollment in the University, with the Panhellenic Adviser in the Office of the Dean of Women. She will be glad to talk with you and assist in any way possible.

Panhellenic, along with other University groups, co-operates with the University in maintaining its ideals and policies, social standards, and scholarship. The organization sponsors such activities as Shi-Ai sing, presented during the Mother's Day week end; a fall scholarship dessert; the spring scholarship banquet; the pledge banquet; and the annual Panhellenic Ball. Panhellenic prepares its members for constructive citizenship in the college and world community.

ACTIVITY MINDED!

There is an opportunity for you in activities on the University campus! If you are the type of person who likes to meet and make new friends, activities will offer you a very good opportunity to do so. What's more, many of the activities offer excellent training for a job you might choose after graduation. Activities give training in leadership, and the experiences help to develop the best "you."

How will you go about entering activities? The first step will be to choose something in which you are sincerely interested. Perhaps something you liked to do in high school will be a starting point. Or, if you wish to try a new interest, look over the activities and choose something which appeals to you. Many activities have committee reports giving helpful information to persons interested.

These reports can be found in the offices of the various activities.

Some activities request you to fill out a petition to indicate your interest. This application blank is similar to one you would fill out in applying for a job. It asks for basic information concerning past experience (including high school activities), other activities, and grade average. After filling out the petition, you will probably be asked for an interview with persons already working in the activity. This is a friendly, informal meeting. During the interview you may be asked questions similar to these:

(1) What previous experience have you had in this field?

(2) What made you decide to petition for this particular activity?

(3) Do you have any other jobs or outside interests which would interfere with your cooperation in this job?

(4) Do you think you will be able to maintain a high grade average while participating in the activity?

(5) Do you have any suggestions for the improvement of this activity?

Answer the questions sincerely and frankly, for the keynote to success is a genuine interest and enthusiasm for the organization. If you meet the requirements, you will be notified that you have been placed in your own interest group.

Students who demonstrate scholarship, leadership, and service while participating in activities are usually honored by being invited to membership in the all-women activity honor groups—you prove yourself during your freshman, sophomore and junior years.

How then, can one begin? Study the following descriptions of the various activities and find your interest.

The Illini Union is the hub of many campus activities. Most of the petitioning for these activities takes place in Room 322, Illini Union. There are about forty committees which plan the Spring Carnival, Mother's Day week end, Dad's Day week end, weekly dances, and other functions.

The Department of Dances plans dances for Homecoming and Registration. Ballroom dances are held nearly every Friday and Saturday night. Square dances and social dancing classes are held during the week.

The Department of Student Services executes the Town Meetings, Office Management, a Red Cross Unit, and Spring Carnival.

The Department of Entertainment plans events, some of which feature students as entertainers. Club Commons, the Union Movies, and the Union Spring Musical are traditions.

The Department of Recreation presents recorded concerts of popular and classical music, coffee hours each Thursday afternoon, bridge tournaments and other forms of recreation.

The Department of Student-Alumni Relations cooperates with the Alumni Association and the Athletic Association. It plans Homecoming and Founder's Day, organizes the Block I, for the East and West stand, holds pep rallies, and chooses cheer-leaders.

The Department of Public Relations handles advertising and all general publicity for the Illini Union Student Activities.

The Y.W.C.A. sponsors a program which promotes the social, religious, and intellectual needs of the students. Besides functions relating to the students such as the Doll Show, Freshman Guidance, International Friendship, and the "I" Book, there are many other worth-while programs carried on, ranging from community service projects to national and international affairs.

W.A.A., Women's Athletic Association, is the college equivalent of the G.A.A. program in high school. W.A.A. provides an all-round sports and dance program for women on campus, either as an individual or as a member of an organized house. There is a place for the unskilled as well as the skilled in every activity offered, and you will have the opportunity to develop skills through instruction given by the physical education staff. Activities offered by W.A.A. are hockey, volleyball, bowling, swimming, apparatus, basketball, fencing, table tennis, badminton, archery, tennis, golf, and softball. Those interested in more specialized groups may try out for Orchesis or Terrapin. Orchesis is an honorary modern dance club that offers men and women the opportunity for creative dance study, composition, and performance. Orchesis presents an annual spring concert. Junior Orchesis is a club of similar nature that is open to anyone interested in modern dance. Terrapin, the honorary swimming club, offers for those interested and skilled in swimming the opportunity to become more proficient in synchronized swimming. Terrapin gives its annual show in conjunction with the activities on Mother's Day week end. Guppies, sponsored by Terrapin, is open to anyone interested in improving their swimming skills, especially stunts and synochronized swimming.

The University Theatre, with its headquarters in Lincoln Hall, in Room C, is a creative activity which offers an opportunity to participate in all fields of the theatre. Not only acting experience is offered, but also experience in scenery construction, costuming, design, and makeup. Students work under a large professional staff of directors and technicians. A minimum of five plays is given by the University Theatre during a yearly subscription season. The University Theatre Workshop offers basic training for the regular University Theatre productions. This Workshop is open to all students, with special encouragement to freshmen and sophomores. The Workshop productions are directed by students and graduate students interested in directing under faculty guidance. In order to try out for a specific major production you must take part in general tryouts offered at the beginning of each semester.

Star Course presents programs of music performed by outstanding artists and musical organizations. Freshman staff members usher at the programs and do office work during the week. The junior managers direct the advertising, concert arrangements, public relations, office management, physical plant arrangements, ticket sales, and office personnel. Often the staff members have an opportunity to entertain the visiting artists. The Star Course office is on the third floor of the Illini Union.

The Daily Illini, a student newspaper published by University students, offers experience in all fields of journalism such as reporting, advertising, copyreading, and circulation. Only freshmen who have experience and

interest are accepted on the staff. Freshmen with such experience may apply to the Illini Board of Directors. The *Daily Illini* offices are in the basement of Illini Hall.

The Illio, the University yearbook, gives a pictorial record of the year's happenings. The business staff offers experience in the management of the finances, sales, and advertising of the book. The editorial staff plans the layout of the pages, handles pictures, and writes the copy for the book.

Campus Chest is an organization which coordinates the two charity drives on campus. The proceeds from contributions in the fall and from the Spring Carnival are allocated to worth-while charities. Book and clothing drives are sponsored also.

Musical organizations open to undergraduate women are many and varied. The Concert Band, the First Regimental Band, the University Symphony, and Sinfonietta attract women who enjoy instrumental music. The Football Marching Band seen at all home games and the Second Regimental Band are not open to women. The Oratorio Society of 200 voices, the University Chorus of 125 voices, the University Choir of 50 voices, and the Women's Glee Club are open to women who enjoy group singing. These groups are devoted to the study of both secular and sacred music. The Opera Workshop produces both grand and light operas. Students, particularly voice majors in music school, participate in Opera Workshop. Once a year the Opera Workshop joins with University Theatre to present a production.

The Student Senate is the students' self-governing body at the University. The Senate promotes the general welfare of the student and exercises general policy-making authority over student activities through legislation. Sixteen members are ex-officio as heads of campus activities and eighteen members are elected from the student body. Freshmen are eligible for election.

The Committee on Student Affairs has supervision over student organizations and activities, social functions, the calendar of activity events, and recognition of honor and professional organizations. Eight faculty members and eight students elected from the Student Senate make up the personnel of this group.

The Freshman Council is the appointed governing body for the freshman class. Members are chosen by petition and interviewed early in the fall or at mid-semester. The council makes information available for freshmen as well as planning social activities for them.

Various college councils offer an opportunity for an activity. The college councils sponsor activities and aid in establishing policies for students in their respective colleges. The college councils in which women may participate are Commerce, Engineering, Fine and Applied Arts, Home Economics, Liberal Arts and Sciences, and Physical Education.

There are many *professional and honorary* organizations on the campus which reward students for their scholarship and leadership in their respective fields. These and similar organizations present programs of interest to the students and faculty.

The honor societies for women choose members each year for their outstanding contributions to the University community in leadership, scholarship, and service.

Torch, a junior honor society, elects approximately 50 girls at the end of their sophomore year. These girls identify themselves by wearing the orange Torch scarf the first Wednesday of every month.

Shorter Board is a senior recognition group for campus leadership. Its symbol is the white cap and gown.

Mortar Board, the senior honor society, elects no more than 25 new members each year. Each spring the honored juniors appear in the black cap and gown, the symbol of high scholarship, service and leadership in campus activities.

SO YOU WANT AN EDUCATION

Your attending the University provides an opportunity for you to continue self-development with guidance. These years will challenge you to think, to create, to acquire knowledge for a professional degree, to help you gain a broader perspective for adult citizenship, and to develop a philosophy of life.

DO YOU KNOW HOW TO STUDY?

Many freshmen, coming to a large University, must learn to study all over again. Good planning and common sense will help you. Here are a few suggestions:

1. Plan your time. This is the most important suggestion. You should include time for recreation, study, and sleep. You will have time to accomplish more if you make out a daily schedule.
2. You will study more effectively in an upright posi-

tion at a desk clear of pictures or anything distracting. Don't loll on the bed or in the easy chair.

3. When you start to day-dream, as we all do, it is better to leave your books for a while and then return. It is best to study in short stretches of one or two hours at a time, with ten or fifteen minute breaks in between.

4. While you are studying, if you think of some little tasks that you should take care of, make a list of them to get them off your mind. You'll find that you can concentrate much better.

5. Concentrate in class. If you listen and remember, reviewing for exams will be much easier. It is a good plan to read over your notes as soon as possible after class.

6. Keep your work up-to-date. Don't let it pile up until just before your exams, because last minute review is nearly impossible — physically and mentally.

7. It is a good policy to study far enough in advance in order that you may get a good night's sleep before an exam.

8. You should attend classes regularly. Give the instructor your complete attention to get the most from the class discussion. Be prepared to contribute, too.

9. If you wanted to, you could study all the time, but you will discover better results if you take time out for relaxation and fun.

GOOD STUDY HABITS EQUAL GOOD GRADES

The five grade points used in the University are A-5, B-4, C-3, D-2, and E-1. Each course in the curriculum has an assigned number of credit hours. To determine your grade point average, multiply the point value of the grade

you receive in each course by the number of credit hours in that course. Add the answers you get from your multiplications and divide the sum by the total number of hours for which you were registered in the particular semester. For example:

Rhetoric 101	3 hours	B	3x4	12
Math 117	5 hours	A	5x5	25
Spanish 101	4 hours	C	4x3	12
Botany 104	4 hours	B	4x4	16
TOTAL	16 hours		Grade Point Total	65

The total of 65 divided by 16 will equal a grade point average of 4.06 — “B” average.

There is a grade average which must be maintained in any curriculum, depending on the college in which you are enrolled. If you fail to obtain the specified average, you are placed on probation for the next semester. If you again fail to raise your average that next semester, you are dropped from school. To regain admittance, you must submit a petition to the dean of your college. This does not necessarily mean that you will be readmitted. Your Freshman Adviser can give you details on probation.

Cheating on examinations is a cause for dismissal from the University. Plagiarism (using someone else’s notes or writing as your own) is a serious offense. The next person may know no more than you.

ALPHA LAMBDA DELTA

For excellence in scholastic achievement your first semester or during your first year you may earn membership in Alpha Lambda Delta, a national scholastic honor society. All freshman women who make an average of 4.5 in 15 hours of academic work their first semester, or in

30 hours of academic work their first year are initiated into Alpha Lambda Delta. Take a tip and set your goals high.

To assist freshman women who have difficulty in some of their courses, the members of Alpha Lambda Delta have set up a special assistance program which is free of charge. To receive this aid, list your name with the Alpha Lambda Delta adviser, Office of the Dean of Women.

HERE'S WHAT TO DO

If you have any trouble with reading or studying, contact your Freshman Adviser about special classes conducted by the Student Counseling Bureau. Go to 311 East Administration Building and make an appointment. One of the trained personnel will help you with your study difficulties or any other questions you may have.

When you change your course, drop or add a subject, you must do it officially through the Dean of your college. If things aren't going right, talk over your problems with your professor, your Freshman Adviser, your academic adviser, or with the Associate Dean of Freshman Women.

If you are ill, have someone in your house notify the House Director at once. If you are able, report to the Health Center. When you are absent, you must bring to the Office of the Dean of Women a statement signed by your House Director regarding your absence from classes. Then you will be given a special form which should be shown to the instructor of the class missed. This is not an excuse but a statement of the reason for your absence from class.

Attend your classes regularly. There is no rule that allows you a certain number of "cuts" at this University.

MIND YOUR MANNERS

Manners here are, as everywhere, just rules of behavior for courteous living. Remember that other people are entitled to the same consideration which you may expect.

Everyone, even the most poised coed, faces new situations. So, here are a few tips to help you feel at ease in your new environment.

Be certain that whenever your House Director or guests enter the room you stand to greet them. It is a good idea to introduce all of your guests to your House Director; she enjoys knowing your friends.

Introductions often bother college coeds; they are really nothing to worry about, for they are simple once you learn the formula. Remember to present young people

to elders, men to women. "Miss House Director, this is Jane Smith," or "Miss House Director, may I present Jane Smith." Pronounce all names clearly so that everyone understands.

At mealtime, the hostess at each table begins eating first. Wait for her to make the first move before you start. If you are unexpectedly late for dinner (and that should rarely happen) be certain to excuse yourself to the head hostess (usually the House Director) before you sit down.

Students lead a friendly informal life on this campus. Formal introductions are not necessary before speaking to someone on campus. Either the man or the woman may speak first. It is the custom for students to call one another by their first names.

And here are a few tips for dating. You may accept dates with men in your classes or men whom you meet in activities and at different large University functions without being considered forward. Long casual acquaintances are not necessary.

While week-end dates are usually made a few days in advance, students sometimes find impromptu dates and blind dates desirable and fun.

It is not recommended that as a freshman you "go steady," because part of your education is gained through social contacts with different people. However, this is entirely up to your own judgment.

Corsages are not a must at all social functions.

Smoking is restricted to offices, first floor corridors, and lounges which are specifically designated. Smoking on streets or on campus walks is considered in poor taste.

A college girl who really wants to be a popular person watches her behavior at all times. Drinking and smoking are not necessary to be popular.

On a campus as large as Illinois one is bound to wait in line once in a while for various activities and functions, even for movies. Breaking line ahead of others is absolutely taboo.

WHAT YOU SHOULD KNOW—

ABOUT VISITING IN FRATERNITIES AND MEN'S HOUSES **(Chapter VII, Section 2, J.)**

Undergraduate women shall not visit a fraternity or men's house unless an approved chaperone is present and only during hours specified in the Code on Student Affairs — (Chapter IV, Section 3, J).

ABOUT RECEIVING CALLERS

University women may not receive men callers in their houses before 4:00 p.m. during the school term except on Saturday and Sunday when they may not receive callers before noon. (Chapter VII, Section 2, H. Code on Student Affairs.)

ABOUT QUIET HOURS

To provide the right atmosphere for study the University Committee on Student Affairs has passed the following regulations: (Chapter VII, Section 1, G in the Code on Student Affairs)

Quiet hours Sunday, Monday, Tuesday, Wednesday and Thursday shall be observed from 8:00 a.m. until 12:00 noon, from 1:00 p.m. until 4:00 p.m., and from 7:30 p.m. until 10:00 p.m. Conditions throughout the house after

11:00 p.m. must be such that those wishing to do so may study or sleep. There shall be no loud talking, no unreasonable use of radios, or other excessive noises that might disturb sleep or study of other students or members of the resident family.

ABOUT OUT-OF-TOWN PERMISSION

Again, from the Code on Student Affairs

An undergraduate woman planning to leave town on an extended daytime or overnight trip, other than to go home, must file with her House Director a letter of permission from her parents or guardian. In addition she must at all times secure the approval of her plans from the House Director and leave with her information giving time of departure, methods of travel, her visiting address, hour of return and with whom she is going. Women are expected to leave and return before closing hours. A sign-out book is used for this purpose. (Chapter VII, Section 2, I.)

ABOUT CAR RIDING PERMISSION

Any non-resident undergraduate woman riding outside city limits of Champaign-Urbana and the local golf courses must have parental permission. After fall registration all women students will receive passenger permits to be sent to their parents for signature and to be returned to the University.

ABOUT A PERMIT TO DRIVE MOTOR VEHICLES

No student is allowed to operate a motor vehicle without a University permit. You can get detailed information on these regulations from the Automobile Permit Department, 224 Illini Hall. (Chapter IX, Section 1, Code on Student Affairs.)

ABOUT OVER-NIGHT GUESTS

1. Students arrange with the House Director for permission to house an out-of-town guest.
2. Guests observe the same house and University regulations.
3. A nominal charge is usually assessed.

ABOUT THE SENATE COMMITTEE ON DISCIPLINE

The University reserves the right to exclude at any time students whose conduct is deemed undesirable or prejudicial to the University community's best interests. . . . Students may be subject to discipline for other sufficient causes. The decision rests with the University Senate Sub-Committee on Student Discipline.

OTHER INFORMATION

When you arrive on campus, read carefully the "University Regulations for Undergraduate Students."

NEVER A DULL MOMENT

Week ends at Illinois are anything but dull! To supplement regular movies, the Illini Union sponsors special movies at low prices. On Friday nights Club Commons at the Illini Union features dancing and student floor shows. And of course, there are University dances held at Huff Gym. To provide entertainment and to help students get acquainted, weekly dances are held in the Union Ballroom.

Other entertainment, which is available during the week in addition to the week ends, includes lectures on

various topics, concerts, and plays put on by various organizations such as the University Theatre. In the spring there are twilight band concerts on the steps of the Auditorium. The museums on the third and fourth floors of the Natural History Building and on the fourth floor of Lincoln Hall are open at designated hours. The sports-minded individual can bowl in the Union basement, play tennis on the courts next to the Library and behind the Women's Gym, play golf on the University golf course, skate at the University Ice Rink, or attend track and gymnastic meets.

For a quick cup of coffee between classes, students frequent the Illini Union and the Kaeser Room of the Y.M.C.A. Illini Union coffee hours in the afternoon provide relaxation and entertainment after classes.

THOSE SPECIAL WEEK ENDS

Dad's Day and Mother's Day week ends provide enjoyment for both students and their parents. A football game plus a variety show for Dad, and special programs for Mom are added attractions for these week ends.

The Spring Carnival each year brings throngs of students together in the Armory to participate in various shows and try their luck on the "Midway." The proceeds go to the Campus Chest for charity.

Homecoming week end brings alums back to the campus to be entertained by the student stunt show, dances, and Homecoming football game. The house decorations all over the campus add color to the festivities.

THE RIGHT CLOTHES AT THE RIGHT TIME

Clothes may not make the woman, but to the college girl, they're pretty important. And why not? You can have a lot more fun and self-confidence when you know you're dressed appropriately. Maybe we can give you an idea of what to wear and when.

Our campus is a very informal one, we might add. But remember casualness does not indicate lack of neatness!

Here is a handy chart designed by Illini Coeds to help you solve the clothes problem. So now, when you start to dress for an occasion, all you have to do is find out where you're going, and then check with this chart.

MONEY MATTERS

By now you have probably gone over your college budget again and again. Besides considering general expenses, you should budget for extras. Keep in mind, too, that meals are extra during registration week as meals are generally not served during that time where you live. There are some other optional expenses during the first weeks which you may want to make provision for, such as: A. A. book, *Illio*, and *Daily Illini*.

Weekly expenses for you will vary according to your taste and budget. Here are some items which you may want to consider:

Recreation (Movies, bowling, skating, etc.)

(Other facilities, such as swimming pools and tennis courts are available free of charge)

Coffee, Cokes, and Other Snacks

Weekly Church Offerings and Charity

Miscellaneous: (Stationery; stamps; bus fare; soap; cigarettes, if you smoke; laundry; and cleaning)

Average allotment for these things is usually about \$5.00 a week.

There is no University student bank on campus. However, you may want to arrange for a checking account in one of the community banks in Champaign or Urbana, or you may arrange an account in your home bank. You should never cash large checks or carry large sums of money. Traveler's checks are convenient and safe. Always remember to carry some form of identification. The best form of identification is your I. D. (University Identification) Card, which you will receive at the time of registration.

The Student Employment Office in Illini Hall assists students in finding part time jobs in the University and in the community. Women students interested in securing room and board opportunities in private homes may make arrangements through the Office of the Dean of Women.

BUS SERVICE

Whether it's a shopping trip to downtown Champaign or Urbana for new furnishings for your room, or a movie on one of those few evenings before classes begin, or perhaps just a tour of the city, you will no doubt find many occasions to ride the Champaign-Urbana bus lines. Just so you won't have to depend on instinct to send you off in the right direction, here is some information on each bus route.

CAMPUS TRADITIONS

To help you get that Illini feeling, here are some of the traditions which Illinois has developed over the years.

First, during the fall season . . .

PEP RALLIES

Every Friday night before a home football game, hundreds of students gather to cheer the "Fighting Illini."

MEMORIAL STADIUM

The beautiful and impressive Memorial Stadium was built to honor Illini who served in World War I. Each one of the 190 columns is dedicated to an alumnus who died while on active duty. Taps are sounded before some games in honor of the deceased Illini.

BLOCK "I"

This group of cheering students performs during half-time at the football games. By flashing different colored cards, they form many intricate pictures and scenes of interest to the crowds at the stadium.

CHIEF ILLINIWEK

This famous Illini representative, chosen for his dancing ability and customarily for his experience as an Eagle Scout, parades with the football band at games; he extends greetings and sometimes offers a peace pipe to the visiting "tribes," and then performs a ritualistic Indian dance at half-time.

ILLIBUCK

The Illibuck is a wooden replica of a giant turtle

which is given to the team winning the Ohio State-Illinois football game each year. Either Sachem of Illinois or Bucket and Dipper of Ohio State, men's junior honoraries, are given custody of Illibuck between games.

Then, in the Winter and Spring . . .

FOUNDER'S DAY

On March 2, 1868 the University of Illinois was founded. The student committee plans a program every March 2 to commemorate the founding of the University. Representatives from the different campus activities meet together and place a wreath on the grave of the first president of the University, President Gregory, who is buried between Altgeld Hall and the Administration Building.

BAND CONCERTS

Ever since 1909 spring Twilight Concerts have been favorite hours of relaxation on Wednesday evenings. The concerts, presented in rotation by different University bands, are held on the steps of the auditorium. The concerts start on the first Wednesday after Easter and continue until school ends.

HONORS DAY

Honors Day is annually observed by a convocation, when the University of Illinois gives official public recognition to those students who excel in scholarship. It is held on the Friday of Mother's Day week end. There are class honors, college honors, and University honors. The Bronze

Tablet, bearing the names of seniors who have been outstanding in scholarship their junior and senior years, is then announced. Alpha Lambda Delta, the freshman women's honor society, attends in a body.

And all year 'round . . .

ALTGELD HALL CHIMES

The chimes in the law building, which give the time every quarter hour, can be heard over the entire campus. Concerts are played on Founder's Day, just before Christmas, and occasionally through the week and at noon on Sundays.

"A TRUE ILLINI NEVER CUTS"

This slogan has long served to remind Illini to refrain from cutting across the lawns, or marring the grass, shrubbery, trees, or flowers on the campus.

LINCOLN TABLET

One of the memorials of the University campus, a bronze tablet of Lincoln's *Gettysburg Address*, is on the floor of the lobby in Lincoln Hall. Because of the great respect given this tablet, no one should step or walk on it.

SENIOR BENCH

Be careful where you sit! Only seniors and graduate students are privileged to sit on the senior bench near Altgeld Hall. This bench is a memorial to the class of 1900.

ILLINOIS LOYALTY

All Illini stand and men remove their hats whenever the Illinois Loyalty is played. This is the only one of the many Illini songs honored in this way. Illini always rise for the loyalty song of the visiting team.

YOUR SONGS

ILLINOIS LOYALTY

We're loyal to you, Illinois,
We're "Orange and Blue," Illinois,
- We'll back you to stand
'Gainst the best in the land
For we know you have sand
Illinois. Rah! Rah!

So crack out that ball, Illinois,
We're backing you all, Illinois,
Our team is our fame protector
On! boys, for we expect a
Victory from you, Illinois.
Chehe-cheha, cheha-ha-ha
Chehe-cheha, cheha-ha-ha
Illinois, Illinois, Illinois.

Fling out that dear old flag of Orange and Blue
Lead on your sons and daughters fighting for you
Like men of old, on giants,
Placing reliance,
Shouting defiance —
Oskee-wow-wow.

Amid the broad green plains that nourish our land,
For honest labor and for learning we stand,
And unto thee we pledge our heart and hand,
Dear Alma Mater, Illinois.

HAIL TO THE ORANGE

Hail to the Orange,
Hail to the Blue
Hail Alma Mater,
Ever so true.

We love no other,
So let our motto be:
Victory, Illinois
Varsity.

PRIDE OF THE ILLINI

We are marching for dear old Illini,
For the men who are fighting for you.
Here's a cheer for our dear Alma Mater;
May our love for her ever be true.
As we're marching along life's pathways,
May the spirit of old Illinois
Keep us marching and singing
With true Illini spirit
For our dear old Illinois.

ILLINOIS

Edwin Franko Goldman

We sing our praise to thee:
ILLINOIS, ILLINOIS, ILLINOIS.
We pledge our loyalty,
Ever true to our Illinois;
For Alma Mater fair
A clear and ringing song employ;
Let music fill the air,
As we sing, praising ILLINOIS.

DEAR NEW ILLINI,

We hope this handbook for freshman women has helped to answer some of the many questions you have had about your new home, the University of Illinois. We hope, too, that you will keep this book for reference not only during the first few weeks of school but throughout your college years.

We're sure you're getting anxious to come to our University. You'll find that the University of Illinois is more than just the class rooms, the books, lectures, quizzes and mid-terms. It's the ringing of the Altgeld Hall chimes . . . the laughter of men and co-eds strolling down the Broadwalk. But best of all, it's feeling that tingle of excitement whenever or wherever you hear "Hail to the Orange" because you know that you are a part of this wonderful University.

Be prepared for one of the greatest adventures of your life. Good luck!

Your Freshman Advisers,

Bonnie	Doris
Geri	Millie
Flossie	Sandra
